Dear P5

I hope you are well and enjoying your time at home. I thought I would write you a letter to share with you some of things I have been doing during lockdown.

Firstly, I have been spending a lot of time in my garden. I have planted some vegetables which I hope are going to grow over the summer. I planted broccoli, beans, peas, carrots, sweetcorn, carrots and brussel sprouts. However, a few nights ago I have discovered that something has been eating my brussel sprout and broccoli plants which is so frustrating. I wonder what it could be? I live right next to a river and I have also planted lots of wild flower seeds on the river bank – I hope they grow. Hopefully I will be able to share a picture of them with you if they do.

I have also been trying to learn Portuguese on a website called Duolingo – maybe I can teach you some Portuguese words when we get back to school. What have you been getting up to at home? Have you been helping the grown-ups around the house? My children Alice and Austen are doing chores every day now – either bathroom cleaning, dusting or vacuuming. What's your favourite household chore?

For your writing task I would like you to write me a reply to this letter. Remember to set it out just like this with your address at the top RIGHT of the page, your date underneath and then my name starting underneath the date but on the LEFT of the page. Here are some ideas for you to include:

- What's your favourite thing about lockdown and what do you miss the most?
- What's your daily routine – how are keeping yourself busy, have you learnt a new skill?
- What household chores are you doing? What's your favourite/worst one?
- Any other things you'd like to share with me.

I miss you all and hope to hear from you soon.

Best wishes

Mrs Williams
